Far Future Enterprises is the successor to Game Designers' Workshop; we publish reprints of the classic role-playing game systems originally produced by GDW: **Traveller** (as well as many of its licensed support materials), **2300 AD**, **Twilight: 2000**, and **Dark Conspiracy**.

We also work closely with other publishers (**Mongoose**, **Steve Jackson Games**, **RPG Realms**, **Comstar**, **Ad Astra**, **Avenger**, **Seeker**, **RPGNow**, and **DriveThruRPG**) who publish their own versions of our products under license from FFE.
